High school

Anadolu lisesi, Istanbul

Sep 2022 - Present

Profile

I am a skilled full stack web developer proficient in the MERN (MongoDB, Express.js, React.js, Next.js, Node.js) technology stack. With a diverse background in both front-end and back-end development, I apply my innovative mindset to create impactful and user-friendly web applications.

Employment

Full Stack Web Developer

Gamma Universe / Gamma Cities, Istanbul

Jan 2022 - May 2023

- Served as a Full-Stack Web Developer.
- Led both frontend and backend development initiatives.
- Successfully completed multiple projects using technologies such as React.js, Node.js, Express.js, MongoDB, and Next.js.
- Proficiently utilized CSS libraries including Tailwind CSS and Material UI.

MERN Stack Web Developer

Bestimage group, Istanbul

Jul 2021 - Sep 2022

- Served as a Frontend Developer at BestImage, specializing in frontend development.
- Utilized React.js, Next.js, and Material UI to craft engaging and responsive user interfaces.
- Contributed to the development of visually appealing and seamless user experiences in various projects.
- Collaborated with cross-functional teams to implement frontend solutions aligned with project requirements and objectives at BestImage.
